

K-LOVE is a great inspiration to me and others that I come in contact with. I am a youth leader and love that my students now chose to listen to KLOVE instead of other stations talking about sex and drugs. I think KLOVE changes hearts and lives and is needed in our local community. The students that I teach have a difficult time getting God in their homes because their parents don't chose to include them in their lives. The kids see this as their connection to God and church when they can turn on the radio and hearing music honoring God. KLOVE also can bring more people to Christ and this can make a definite change in our communities. People who hear this channel, either by recommendation, or by just stumbling across it can be changed. They can leave their ways of sin and do what is right. People can and are changed by what they hear on the radio. I listen to KLOVE so I don't have to hear all of those worldly thoughts and since my husband is deployed, it is nice to not listen to sappy love songs about love lost. KLOVE's message is of hope eternal, and I am grateful for that. My prayer is that you listen to what people are saying and know how much this stations affects lives. Thank you for your time.
